WHY DO OUR USERS LOVE OUR PRODUCTS SO MUCH?

LEE PAULSON, China Consultant

For the past few years, my work has given me a lot of stress. As a result my health has been compromised substantially. I was very susceptible to colds, fever, and flu. My friend suggested that I use this set of products that changed her life and health for the better. I started with the bubble bath soaks about twice a week in the beginning...I felt that my system was quickly beginning to improve. I now continuously do bath soaks and I no longer get colds or flu.

I also use the pre-mixed cleanser on my face as an all-natural shaving cream – with no nicks! I use the Cell Recharger gel on my tight muscles in my neck and back from prior back injuries, and each time, within minutes the muscles begin to relax and the pain subsides. I have become a dedicated user of the products.

KELLY QUANT, Homemaker & Mother

I started using the products over a year ago, and have never once gotten sick since...my friends tell me that I look over ten years younger! Now I have my entire family and even our parents using them. I use the products in place of toothpaste, shampoo, shower and hand soap.

LIZETTE SMOOK, Managing Director, www.innovasians.com

The soap doesn't burn my eyes. I use the (pre-mixed) Body Rebalance to shower, wash my hair and wash my face. I had a dry scalp and dry, itchy skin due to my stressful work. After using it, the dryness and itchiness has gone, and my skin is balanced. My facial blemishes have improved as well.

I find the Cell Recharger gel great for crows feet – regular application makes them less visible. I find the moisturizer very balancing – I used to have oily skin around my forehead and on my chin and dry skin on my cheeks – both the oiliness and the dryness are now gone.

These products really work – and they also support sustainability of our planet at the same time!

C. T. SONG, Retired Engineer, now researching in Bio-resonance & Energetic Medicine

One obvious beneficial effect of using the products for me is the elimination of dandruff which has been bothering me for many years...they are far superior to the anti-dandruff shampoo available on the market, and a lot safer, since they are 100% natural and contain no harmful chemicals. As a hair dressing, the gel helps to keep my hair in place without the greasiness and stickiness of other hair gels and hair sprays.

CHRISTINE HAYES, www.newageshop.com.hk

This line of products has been a surprise revelation to me. I resisted it originally, however I now much prefer how my body feels after a shower and shampoo when I use the foam and it is great for the hair. I can definitely feel a detoxification process taking place and so will continue with this. What I have also noticed is that I have become much more sensitive, especially to chemical-filled perfumes and hair products...so it's out with all the old bottles of shampoo and shower gels – much less space needed in the bathroom now!

ANNIE LIN, Anniewho Production Ltd, Fashion Designer & Mentor

As an expatriate working in Hong Kong, I found the air in Hong Kong very polluted, making my skin and face very oily and dirty. I have used expensive skin care from well-known brands but they don't seem to work, until I found these 100% natural products. I feel fresh all day after using them. I often have to fly for my business and I have a busy schedule. I find these products very easy to use – I can simply do everything under the shower...I never have to use facial masks again! I never have to purchase cleanser or soap again. This is an all-in-one product. Great value! Great Result!

i-Detox Daily ReBalance Bodycare description

Daily Hair To Toes Foamer

This foamer can be used to wash your hair, face and whole body. Use this rebalancing, recharging and rejuvenating cleanser to replace most chemically loaded hygiene products that acidify the body and damage the environment. It extracts toxins through the skin, hence reducing both internal and external toxic overload. You can dramatically reduce the bottles in your toilet by having this one product - economical and environmental! One bottle, for the whole body, for him and her!

Suggested Use: Use it for *everything* in your daily hygiene routine: Body, Face, Hair, Hands, even Shaving. For your convenience, keep a bottle in your bathroom sink, shower, and kitchen sink.

Ingredients: Energized Oxygenated Water, Calcium, Potassium, Magnesium, Ash of Coconut Shell Solution, Vegetable (seaweed) Gum, Foaming Agent (coconut extract). Proprietary scientific processing that makes the solution unsurpassable for over 2 decades. Naturally concentrated with a pH of 8.4

(Net Weight: 240ml/8oz) Sold as part of the Starter's Set only

How to refill the Daily Hair To Toes Foamer: fill the bottle up to 1" of the [Daily ReBalancing Concentrated Cleanse](#), then fill approximately ½" height of the [Daily ReBalancing Solution](#), fill the rest of the bottle with plain water.

Daily Cell ReCharger

4X the potency of [Daily ReBalance Solution](#), this versatile Gel powerfully alkalizes and oxygenates and helps reverse the stressful effects of living in polluted environment. It gives instant relief to sore muscles (from lactic acid build up) whether from too much workout or too much sitting in front of computer. It gives relief to skin rashes/burns/bruises/cuts. It is like a 24/7 masseur and nurse! It works in synergy with other [i-Detox Daily ReBalance BodyCare](#) products to facilitate a thorough detoxification. It is our **best selling** product.

Suggested Use: Massage it into body to give instant relief to sore muscles. Apply topically for burns/cuts/bruises/rashes. Apply all over body (including face and scalp) to protect against pollution, or to facilitate detox during sauna or hot yoga. Massage into the forehead and scalp and massage the temples and meridian points to give an instant energy lift – great for relieving headaches. Apply it to face and body to energize, reduce puffiness and to create natural lifting. Mix this with the [Daily Cell Nourisher](#) to condition and style your hair, or as an **aftershave**. The uses of this are endless. Lovers of this product call it "The Miracle Gel"!
